  - HTML, Bootstrap, CSS, WordPress
- **Programming Languages**
  - Python, Java, C#, PHP MS 365 Applications
- **Database Management**
  - MS SQL Frameworks and Tools Power BI, Figma

LANGUAGES

- English (Fluent)
- Sinhala (Fluent)

PROFILE

I am a BEng (Hons) in Software Engineering and an enthusiastic recent graduate with hands-on experience gained through academic projects, scenario-based exercises, and practical work. I have a solid foundation in programming, web development, databases, and data visualization.

I have a growing interest in **Quality Assurance and software testing**, with a focus on ensuring reliability, usability, and performance in software systems. I am passionate about learning new technologies, working collaboratively, and contributing to high-quality, innovative software solutions in a professional environment.

PROJECT

- **StarEvents Ticketing System** (ASP.NET, C#, SQL Server) – Developed full event booking platform with secure payments, QR tickets & analytics
- **Nestlings Marketplace** (Final Year) (PHP, MySQL) – Childcare platform with booking, dashboards, reviews & AI chatbot
- **Echo Hotel Reservation System** (PHP, MySQL) – Hotel booking system with availability, pricing & admin panel
- **Auto Cars System** – Designed taxi reservation system with feasibility analysis
- **Data Science Solution** (Power BI) – Built dashboards for data visualization and insights
- **E-Video Cloud UI** (Figma) – Designed interactive prototypes for video streaming platform
- **Malcolm Photography Website** (HTML, CSS, JS, PHP) – Responsive portfolio with gallery & inquiry system
- **Big Data Research** – Analyzed data on operational efficiency (SITREK Group)
- **Quiet Attic Films DB** (MS SQL) – Developed relational database system for business use
- **Grifindo Toys Payroll** (C#, SQL Server) – Payroll system with salary, overtime & reporting
- **Alliance Health LAN** (Cisco Packet Tracer) – Designed VLAN-based network with routing & services
- **Soft Skills Workshop** – Organized and conducted a Soft skill training for 50+ students at ESOFT Metro Campus, with extra fun activities

EXPERIENCE

Digital Content Creator Intern JUN 2025 - NOV 2025

ISURU Creations (Pvt) Ltd (in Sri lanka) | 6 Months

- Managed company social media platforms
- Created engaging posts, reels, and digital content
- Maintained the company's online presence and branding
- Supported content planning and audience engagement
